ABOUT ME

As a web developer currently graduating, I have a solid foundation in programming languages. With hands-on experience in developing responsive and user-friendly websites, I gained a solid understanding of web design principles and best practices. I am passionate about keeping up with the latest trends and technologies in web development and am excited to bring my skills and enthusiasm to the internship. Through my studies and past experiences, I have developed strong problem solving and teamwork skills that I wish to apply in real life.
